

AJAY KUMAR

Punjab (Mohali) |  Kumarajay3023ak3@gmail.com |  ajay-kumar-63a3b7326 |  Ajaykumar-02 | +91-9501426045

PROFILE SUMMARY

Aspiring Machine Learning Engineer and B.Tech AI/ML student with practical experience in Python, Machine Learning, NLP, and Data Analysis. Built multiple academic and personal projects focused on predictive analytics and intelligent systems. Eager to apply technical skills and contribute to real-world AI solutions.

EDUCATION

Bachelor of Technology in AIML (CGPA:7.72-Current)

(JUL 2024-JUN 2027)

Chandigarh Group of Colleges (CGC) Jhanjeri, Mohali, Punjab

- Learning DSA, OOPS, Python, Database Management System and AI/ML fundamentals while developing Python projects to improve problem-solving skills.

Diploma in Computer Science & Engineering (65.47%)

(Dec 2021 – June 2024)

Longowal Polytechnic College, Mohali (Punjab, India)

- Graduated with First Division & with core skills in Python and software development.

PROJECTS

EmotionSense AI – Emotion Detection Using NLP and Machine Learning

LIVE LINK: 

- Developed and deployed an NLP-based emotion detection web application using TF-IDF Vectorization and Logistic Regression, achieving 86% accuracy in real-time classification of emotions including Joy, Sadness, Anger, Fear, Love, and Surprise through an interactive Streamlit interface.

Heart Disease Prediction System Using Machine Learning (KNN)

LIVE LINK: 

- Built a Streamlit-based web application to predict heart disease risk using a K-Nearest Neighbors (KNN) model trained on patient health data.
- Achieved 88% accuracy after data preprocessing, one-hot encoding, and feature scaling using StandardScaler.

Additional Projects: • Insurance Cost Prediction System Using Linear Regression.  • Anime Data Extraction & Analysis.  • 10+ Projects on GitHub. 

PROFESSIONAL SKILLS

- **Analytical Skills:** Logical Thinking, Problem Solving, Data-Driven Decision Making.
- **Soft Skills:** Team Collaboration, Effective Communication, Adaptability, Time Management.

TECHNICAL SKILLS

- **Core Skills:** Python, ML (Regression & Classification), NLP, EDA, Statistics, Data Preprocessing, Model Deployment.
- **Libraries:** NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn.
- **Tools:** Streamlit, Jupyter Notebook, Google Colab, Kaggle, Git/GitHub.
- **Familiar:** SQL, HTML/CSS, OOPS, DSA.

EXPERIENCE

Pashi Technology | AI & ML Intern

(Jun 2025 - Jul 2025)

- Built and evaluated ML models using Python, Pandas, and Scikit-learn on sample datasets.
- Performed data preprocessing and exploratory data analysis to improve model performance.

Chandigarh Institute of Engineering and Vocational Courses | Web Development Intern (Jul 2023 - Jul 2023)

- Completed web development training in HTML, CSS and MySQL with practical hands-on experience.

ADDITIONAL INFORMATION

Languages: • English, • Hindi, • Punjabi.

Certifications: • Basic Python Programming, • Intro to Machine Learning, • AI/ML, • SQL for Beginners, • Web Development, • Personality Development, • AINCAT 2026 – Certificate of Participation.
